

**Inbound Logistics Names
Robocom Systems International
To the Top 100 List of Technology Providers for 2010**

Farmingdale, NY, May 13, 2010 - Robocom Systems International, a global provider of Supply Chain Execution Software today announced that the company has again been selected by *Inbound Logistics* to the Top 100 List of Logistics IT Providers.

Every April, *Inbound Logistics* editors recognize 100 logistics IT companies that support and enable logistics excellence. Drawn from a pool of more than 300 companies, using questionnaires, personal interviews, and other research, *Inbound Logistics* selects the Top 100 Logistics IT Providers who are leading the way in 2010. Editors seek to match readers' fast-changing needs to the capabilities of those companies selected. All companies selected reflect leadership by answering *Inbound Logistics* readers' needs for simplicity, ROI, and efficient implementation.

Felecia Stratton, Editor, *Inbound Logistics* said, "When choosing this year's Top 100 Logistics IT Providers, *Inbound Logistics* editors looked at excellence in solving transportation and logistics challenges, but at a higher, more strategic level. Selections were based on how transformative logistics IT solutions impact all business activities and drive integration across internal processes as well as external processes for vendors and customers. Robocom Systems International was selected because its solutions offerings solve specific logistics challenges and

improve processes, and create a ripple effect of efficiencies across the entire value chain. *Inbound Logistics* is proud to honor Robocom for innovative solutions empowering logistics and supply chain excellence.”

Fred Radcliffe, President of Robocom said, “We are pleased to have been once again recognized by *Inbound Logistics* as one of the Top 100 Logistics IT Providers for 2010. Over the past twelve months we have been focused on helping our customers respond to difficult economic conditions by delivering solutions which improve service and reduce costs. This award from *Inbound Logistics* confirms that our work in delivering solutions with rapid ROI (Return on Investment) and operational excellence has been recognized.”

About *Inbound Logistics* - *Inbound Logistics* is the pioneering publication of demand-driven logistics practices, also known as supply chain management. *Inbound Logistics'* educational mission is to guide businesses to efficiently manage logistics, reduce and speed inventory, and neutralize transportation cost increases by aligning supply to demand and adjusting enterprise functions to support that paradigm shift. More information about demand-driven logistics practices is available at www.inboundlogistics.com
